MEMORANDUM FOR: Deputy Director for Intelligence  
FROM: Director of Central Intelligence  
SUBJECT: Meeting with General Julius Becton, D/FEMA

1. General Becton, the head of FEMA, was in today for a courtesy call. He asked what could be done to make FEMA eligible to receive a full NID, or at least a larger part than they now receive, which is apparently confined to items with FEMA implications.

2. He also asked me to fly down to see FEMA's installation in Winchester, Virginia, sometime. I said I might be interested in doing this at some point. It's his move.

William J. Casey
